

# Get free government funding to improve your broadband connection

Government funding has been made available to help you and your community be amongst those already enjoying the benefits of full fibre. The Gigabit Voucher Scheme means every eligible rural home and business premise can get a government voucher to improve broadband in your local area\*.

---

**You, your neighbours, and Openreach.  
Let's get your community connected.**

We're one of the Government's registered suppliers and we've helped hundreds of local communities across the UK get high-speed broadband. That means they can access online services, video call, work from home, stream HD TV and game online - all at the same time. With no frustrating buffering, no connection dropouts, no waiting your turn.

If you and your neighbours want access to some of the fastest broadband speeds in the country, just get together, check you're eligible and pledge your vouchers. The more people involved, the more funding you get.

\*Voucher value can vary based on Local Authority additional contributions but start at up to £1,500 for homes and up to £3,500 for businesses

Check if you qualify for a Gigabit voucher at: [www.openreach.co.uk/connectmycommunitycard](http://www.openreach.co.uk/connectmycommunitycard)

Here's what you need to do:

## Step 1

Go to [www.openreach.co.uk/connectmycommunitycard](http://www.openreach.co.uk/connectmycommunitycard) to check you can get funding

## Step 2

Pledge your Gigabit Voucher\*\* to Openreach

## Step 3

Encourage your friends and neighbours to do the same

## Step 4

When enough pledges come in, we'll be in touch about getting started
